

**Get a head start on
saving for Education
with up to \$3200
of free money!**

Your child is more likely to attend a post-secondary institution, and have greater success once they get there, if they have some money set aside in an Registered Education Savings Plan (RESP) for their education. Now is the time to get started!

CANADA LEARNING BOND

If your child was born in 2004 or later and your family receives the National Child Benefit Supplement, you are eligible for up to \$2,000 of free money for your child's education after high school.

The Canada Learning Bond is \$500 that will be deposited when you set up a RESP for your child. As long as your family remains eligible, an additional \$100 will be deposited each year until the child turns 15. You don't have to contribute any money into the RESP to receive the bond.

BC TRAINING AND EDUCATION SAVINGS GRANT

Get ready to receive \$1,200! The Government of BC is now offering a one-time \$1,200 savings grant to all BC kids between the ages of 6 and 9. To receive these funds your child must have an RESP account.

Setting up an RESP and accessing the free funds is easy and you don't have to put in any of your own money!
